Detect Billing Data

Our app captures & processes retail billing data through various methods.

Manual text billing

Pre-loaded Lists

AI Camera

Sound Speech Input

Real-Time Billing Insights

Generate bills in text or PDF format. Generate real-time billing insights via graphs & charts.

- ☐ Current Bill Status
- ☐ Hourly Sales
- ☐ Monthly Sales
- ☐ Yearly & Multi yearly Sales

Save Money , Space and Time

Traditional systems use power-hungry PCs, barcode scanners (230V AC).

B) Slash Maintenance Costs

- ✓ Mobile devices = minimal maintenance.

- ✓ Mobile device require less Space.

✔ Multiple image detection & parallel execution saves huge time.

The Awesome Retail Billing Solution is Here

Say No to wires, bulk, high costs, and high downtime.

Say Yes to :

- | | |
